Mike

I received my new link form Mike R and it works fine for me

All the best

John

Here is the folks I would like to see this.

Curt Coover
CDM
50 W 14th St; Suite 200
Helena, MT 59601
cooverca@cdm.com
406 441 1400

Damon Repine
CDM Smith
60 Port Boulevard; Suite 210
Libby, MT 59923
repinedl@cdmsmith.com
406 293 8595

Lisa DeWitt
Montana DEQ
1225 Cedar St
PO Bos 200901
Helena, MT 59620
lidewitt@mt.gov
406 444 6420

Colleen Owen
Environmental Science Specialist
IEMB Opencut
Kalispell Field Office
Department of Environmental Quality
(406) 755-8966

cowen@mt.gov

And myself ☺

They can get this out to who they need to.

Thanks

Mike Cirian, PE

Hi Mike

I just tested the link and it failed on my end as well

Mike C. can you send the addresses to whom you want a link to go to and Mike R. he will in turn set it up to go to them.

Each e-mail link is site specific to the addressed person as I understand it.

John

Thanks John,

I was not able to open the FTP site and download the document. I will also need to have a link sent to my contractor CDM Smith. Will you be sending a link to MT DEQ as well? I will forward the response to comments to both parties.

Thanks for getting these back. I look forward to reviewing and finalizing the work plan.

Mike

Subject: CFAC RI/FS Comments

Mike:

Roux Associates, Inc., on behalf of the Columbia Falls Aluminum Company, LLC (CFAC), has completed revisions and updating of the RI/FS Work Plan and the Phase 1 Site Characterization Sampling and Analysis Plan (SAP) in response to the comments provided by EPA with your email dated October 6, 2015, and based upon the additional comments and discussions at our Site meetings on October 7 and 8, 2015. Two documents are attached summarizing the comments provided by EPA (including from MDEQ) and a description of how and where each of the comments has been addressed within the updated documents.

A separate email from Roux Associates will be sent with a link to the FTP site from which the updated documents can be downloaded. In order to facilitate EPA review, we will be providing the text of both the RI/FS Work Plan and SAP as Word documents in track changes mode, and an updated version of the QAPP crosswalk table as a Word document. In addition, we will provide PDF versions of the complete documents with all changes accepted. This will include attachments and maps.

We believe we have covered off the comments in accordance with our discussions in Columbia Falls and look forward to moving forward with this effort towards finalizing the AOC between EPA and CFAC.

Anything further please let us know.

John
